

**OntologySummit2012:
Session-11 - Thu 2012-03-22**

**Big Systems: The ontology of System
Components, and System Modelling
Language Requirements**

Session Chair
Matthew West

Agenda

- System Components
 - **Dr. Nicola Guarino** (IAOA; ISTC-CNR LOA, Italy) "Functional roles and their realizations"
 - **Mr. Chris Partridge** (BORO Solutions, UK)
'System Components' as a litmus test for your ontological architecture “
- Engineering Modelling languages
 - **Mr. David Leal** (CAESAR Systems, UK) (presented by **Dr. Matthew West**)
"Some thoughts on requirements for languages in engineering“
- **Dr Henson Graves** (Algos Associates, USA)
“Using Ontology to Meet Big Systems Challenges”
