[Ontology Summit Launch Event](#)

17 January 2013

# Symposium Overview

- Ontology Summit = Virtual Events + 2 day Symposium
- Where: NIST, Gaithersburg, Maryland, USA
- When: May 2<sup>nd</sup> + May 3<sup>rd</sup>
- No registration fee, but timely registration required for security reasons
- Remote access will be provided
- Spread the word

# Mission Statement

- The 2013 Ontology Summit Symposium will further the evaluation of ontologies by
  - Providing a venue for face-to-face discussions
  - Synthesizing the results of the Ontology Summit virtual sessions and e-mail discussions
  - Understanding the current state of the art of ontology evaluation tools and techniques
  - Fostering the development of new ontology evaluation tools
  - Summarizing our conclusions for the broader community in the Communique
