Ontology Summit 2013 Symposium

# Where is the Library?

- Hosted on Zotero.org
  - Go directly to:  
<https://www.zotero.org/groups/ontologysummit2013/items>, or
  - Go to Zotero.org
    - Select “Groups” Tab
    - Select “Search for Groups”
    - Enter “OntologySummit2013” & Search
      - Follow “group” link for info about the group
      - Follow “group library” to access the collection
    - No login needed to view

# Library Entrance

The screenshot displays the Zotero web interface. At the top left is the 'zotero' logo. On the top right, there are links for 'Log In · Register' and a blue 'Upgrade Storage' button. Below the logo is a navigation bar with tabs: 'Home', 'Groups' (selected), 'People', 'Documentation', 'Forums', and 'Get Involved'. To the right of the navigation bar is a search box labeled 'Search Library' with a search icon.

The main content area shows the breadcrumb path: 'Home > Groups > OntologySummit2013 > Library'. Below this is a sidebar on the left with a 'Library' section containing various folders like 'About Ontology Summit 2013', 'By Communique Reference', 'By Discussion Topic', 'By Track', 'Community Library', 'Evaluating Informal Ontologies', 'Hackathon and Clinics Activities', 'Materials from the Quality Cross-Track - 2012', 'Symposium', and 'Trash'. Below the sidebar is a 'Tags' section with a search input and several tag buttons: 'Agile Method...', 'Algorithms', 'antipatterns', 'Artificial i...', 'Artificial I...', and 'Automated Ev...'.

The main content area features a table of items with the following columns: 'Title', 'Creator', and 'Date Modified'. Each row includes a document icon and a title truncated to fit the width.

# Subcollections

- Single Item may belong to multiple sub-collections without duplication
- Added in response to how materials are presented or for ease of access
- Arrows indicate presence of subfolders. Click arrow to display.

# Library and Bibliographic Functions

- Library function: for digital, public domain materials:
  - May include copy of item as attachment
  - May include link to download Entries may also include notes capturing supplemental info (e.g., comments from community member, recommendation, why item is included)
- Bibliographic function: for all materials:
  - Standard bibliographic information is provided, tailored to item type.
  - Bibliography can be exported (many formats supported)
- Notes attachments
  - May be added by any community member
  - May call attention to something of specific interest, explain why item was added, comment...

# Communique Reference collections

- New this year: use library to support gathering of items for particular reference needs in communique
- Where set of summit materials & others are relevant to a communique point, footnote points directly to sub-collection.

# How to Use

- Browse and search online, no login required
- Get a [zotero.org](https://www.zotero.org) login (free), join group, and contribute:
  - add & edit items, attachments, notes, sub-collections, tags
  - continue to grow the collection (and sub-collections), even after summit ends
  - share updated and new resources across community
