Perfectly suited for project teams to:

- **manage projects**
- **asure transparency**
- **foster collaboration**
- **adapts to the team's workflow**
- **easy to procure and deploy**
- **captures hard facts and informal data**

comes with:

- **graphical installation tool**
- **MediaWiki, SMW, semantic forms and halo extension**
- **PDF and MS-Word™ indexer**
- **self-adapting tree view**
- **tools for ad-hoc adaptations to the metadata scheme**
- **web service connector for re-using legacy data**
