ODP portal & Evaluation Wikiflow

· http://ontologydesignpatterns.org:

- **best practices, evaluation (open and 'official')**, **training** and **<u>repository ontologies</u>**

· **Evaluation Wikiflow**: SMW / SF extension for evaluation of wiki-articles

- Workflow: *ask*, *assign* and *make* review, *certify* article (action → right)

- Articles in Category to evaluate → Evaluation tab → (S)Form for review

- Parser functions

- http://www.mediawiki.org/wiki/Extension:Evaluation_WikiFlow: version 0.2

- Towards 1.0 : History of the semantic annotations of an article (<u>to extract rationales</u>)

- Semantic workflows, we are looking for generalization
